NUMB. 3150

FRIDAY APRIL 6, 1744.

Stockholm, March 20.

THE Senator Count d'Adlerfeld, who is appointed Ambaſſador Extraordinary from his Majeſty to the Court of Ruſſia, is preparing to ſet out on that Embaſſy. We are, however, of Opinion, that he will not actually leave this City, till the Succeſs is known of the Marquis de la Chetardie's Negotiation, upon which the Subject of his will depend. A Royal Edict appeared not ago, for ſuppreſſing ſeveral Taxes that were im- to ſupply the Expences of the late War. The d of Trade has lately forbid the Exportation of Raw per for the Year 1744. We have lately ſtruck here y fine Medal, in Gold and Silver, on the Return of Prince, Succeſſor, to this Capital. On one Side ap- the Buſt of his Royal Highneſs, with this Inſcrip- *Adolphus Fredericus, Princ. Her. Suec. Goth. Vand. Narv. Dux Schlesw. Holst.* that is; *Adolphus Frede- Hereditary Prince of the Swedes, Goths and Vandals, of Norway, and Duke of Slesvick Holstein.* And on Reverſe, a Pharos on a Rock in the Midſt of the Sea, this Legend; *Omnibus prodesse cupit*; that is, *He s to be uſeful to all.* In the Exergue; *Dei Grat. Majestat. Senat. & Stat. unanim. Consens. Success. Suec. elect.* 23 *Jun.* 1743. that is; *By the Grace of by Conſent of his Majeſty, the Senate, and Dyet, unanimouſly elected Succeſſor to the Throne of Sweden,* 23, 1743.

Dreſden, March 30. Letters from Prague aſſure us, it is ſcarce in the Power of Words to expreſs the and Loyalty with which the Nobility and Gentry Bohemia exert themſelves for the Queen of Hungary's ce; inſomuch, that no leſs than 300 young Men uality have entred themſelves as Cadets, in order to the next Campaign in ſome or other of the Re- nts in her Majeſty's Service; and the Militia, that allowed three Months to fill up their Companies, completed in one.

Vienna, March 28. Yeſterday Field-Marſhal Count aſſiſted at a great Council of War, and as ſoon as e, went to attend the Conferences of State held at Staremberg's, to which were invited the Britiſh, nian, and Dutch Miniſters; and, at the breaking of thoſe Conferences, an Expreſs was diſpatched, Inſtructions to Prince Lobkowitz; ſince which, currently reported, that an Attempt will be made nquer the Kingdom of Naples. This Moment the Equipage of Field-Marſhall Traun are ſet out for ria. We are very deſirous of News from the Court urin, becauſe, according to our laſt Letters from e, it ſeemed to be expected, that the French would attempt the Paſſage of the Var with all their es.

Frankfort, April 5. His Imperial Majeſty appears to good Health and Spirits, and attends conſtantly at cil, and ſeems determined to make the Campaign erſon; but Field-Marſhal Count Seckendorff is to under him. We are amazed that the Count de re is not yet arrived; and it begins to be whiſper'd, neither this Court, nor that of Berlin, are perfectly ed with the Meaſures taken at Verſailles. We ex- however, 25,000 French Troops will ſpeedily be- her March for the Lines of Germerſheim.

HOME PORTS.

ſey write from Hamburgh, that the Councils of turn ſtrongly at preſent upon Trade, and that the ia is determined to open a Trade directly to Japon, the Indies, either by Sea, or if that fails, by Land; making uſe of the Rivers which running thro' her tories, fall into the Eaſtern Ocean; for promoting Deſign, there is a great Subſcription.

learn by Letters from the Hague, that ſome pri- dvices ſay, there is ſuch a general Spirit of Sedi- thro' the whole Kingdom of Naples, that if the ies do but countenance the Diſcontented, by en- their Territories, a Revolt will certainly follow; vent of which cannot be foreſeen, but muſt be however, to the Croun of Spain's Deſigns.

The ſame Letters ſay, that Advices from Spain mention the taking a Regiſter Ship from Vera Cruz, called the Concordia, within ten Miles of Cadiz, by an Engliſh Man of War, after an Engagement of five Hours; in which were 1,000,000 Pieces of Eight in Specie, 1900 Serons of Cochineal, 590 Serons of Indigo, and other rich Goods; in all to the Value of Six Millions of Pieces of Eight, or near it.

From Bruſſels we hear, that Marſhal Duke de Noailles is aſſembling an Army of 100,000 Men on the Frontiers, and that moſt of the People in the Neighbourhood, were ſaving the beſt of their Effects in the City of Mons, tho' there is the greateſt Appearance of its being inveſted; but they depend on its Strength, its numerous Garriſon, which conſiſts of 12,000 Men, and the Aſſiſtance of the Confederate Army.

By Yeſterday's Mail we have an Account from the Hague, that the Abbe de la Ville is returned to his old Strain of Complaiſance, affirming, that his Court has nothing more at Heart than maintaining a good Correſpondence with the States, and that it is not too late to ſet on Foot a general Negotiation; to which it was anſwered, that, probably, they might enter into general Meaſures, wherein ſome Thouſand Plenipotentiaries might be employed; and one Gentleman went ſo far as to ſay, That the Effects of War could alone produce Peace, ſince there was no truſting to Treaties.

The Amity, Fantine, from Faro to Cork, is taken by a Spaniſh Privateer, and carried into Ameria.

Yeſterday the Company of his Majeſty's Ship the Litchfield, lately arrived from Jamaica, was paid their Wages to the 30th of June 1742, at the Pay-Office in Broad-ſtreet.

Laſt Tueſday died Mr. Hutchins, a Wholeſale Hoſier at the Woolpack on London-Bridge.

Laſt Week Robert Barber, Eſq; late High Sheriff of the County of Dorſet, was marry'd to Miſs Grace Carver, of George-ſtreet, Hanover-ſquare, a Lady endow'd with all the Accompliſhments that can make a Man truly happy, and a Fortune of 6000 l.

Alſo laſt Week died, at her Lodgings in Great Ruſſel-ſtreet, Bloomsbury, Mrs. Rayner, Aunt to Sir Thomas Farnaby, Baronet; and on Monday ſhe was interr'd among her Anceſtors, at Sevenoaks in Kent.

Several Men were Yeſterday impreſs'd for his Majeſty's Land Service.

Laſt Wedneſday Night a Fire broke out at a Grinder's near Cripplegate, which conſumed part of the Houſe.

Yeſterday Morning a Fire broke out at Mr. Smith's, a Hatter at Union Stairs, which conſumed one of his Workſhops; but by timely Aſſiſtance, it was ſoon extinguiſhed.

Yeſterday a fine Merchant Ship, upwards of 200 Tons, was launched at the Dock below Cuckold's Point.

The ſame Day ſeveral Sail of Colliers arriv'd in the River; which makes it hoped, that the exorbitant Price of Coals will ſoon be reduced.

THE

HISTORY of POPERY:

From the First Ages of CHRISTIANITY, gradually carried on to the End of the Council of TRENT.

This Work was first publish'd in the Reigns of K. Charles II. and K. James II. by HENRY CARE, Gent. who was Try'd and Condemn'd for Writing it by Judge Jefferys. And is now faithfully Abridg'd, with such Alterations of Phrase, as may be more suitable to the Taste of this Age, and such Additions, as may improve the History, strengthen the Argument, and better accommodate it to the present State of POPERY in GREAT-BRITAIN.

To which is added,

A large Account of the REFORMATION, and of the Persecution in Queen Mary's Reign. In Two Volumes.

By Several GENTLEMEN.

The CONDITIONS are

I. That the Whole of this Work will be contained in Thirty-four Numbers; and that Four Sheets and a Half, containing Thirty six Pages of the same Size, Paper and Letter, as the Specimen, shall be published every Saturday, stitch'd in Blue Paper, for Six Pence.

Sold by J. Oswald, Bookseller, at the Rose and Crown in the Poultry, near the Mansion-House, where Subscriptions are taken in, and where Proposals may be had gratis; and by other Booksellers in Town and Country.

The late vigorous Attempts of the Emissaries of Rome, to diffuse their poisonous Tenets among a free and Protestant People, and that under the happy Government of an illustrious Protestant Prince, must raise in every sober and generous Mind a just Indignation against them, and a tender Compassion to the Weak and Ignorant, who are most exposed to their horrid Delusions. Surely, never did any Thing, that wore the sacred Name of Religion, appear in the World, so monstrously absurd and detestable as Popery, which is the cruellest Merchandise of Men's Lives and Souls, and lies in direct Contradiction to Reason and Revelation, to Morality and Common Sense, and to all the dearest Interests of Civil Society, of Liberty, Conscience, and Eternal Salvation.

THE Proprietors of the UNIVERSAL HISTORY *from the Earliest Accounts of Time to the Present*, give Notice, That the SEVENTH VOLUME, which concludes the Ancient History, is now just ready for Publication: And having, in Gratitude to the kind Encouragers of that Work, inserted a List of such of those Gentlemen in their Fifth and Sixth Volumes, as had then come to their Hands; but which, they are sensible, contains not half the Number of their Purchasers; and being willing to render their List for this Seventh Volume as complete as possible; desire such Gentlemen as have not already their Names inserted, to send the aforesaid List, to send them in with all Speed, to T. Osborne, in Gray's Inn; J. Osborn, in Pater-noster Row; A. Millar, in the Strand; and J. Hinton, in St. Paul's Church-yard; in order to their being inserted.
